

# The IDEAL School Newsletter

## Bible Verse of the Week

I press on toward the goal to win the prize for which God has called me heavenward in Christ Jesus ~Philippians 3:14

The Ideal School is a place where homeschoolers can come part-time or full-time to be taught by licensed teachers in a home environment

Editor **Mayson**  
Advisors **Greg & Lisa**

Volume 2, Issue 1

9/30/10

Special points of interest:

- ☺ Go to <http://theidealschool.wordpress.com> for more pictures
- ☺ Leyah and Kaylani are the newest members of our school
- ☺ Martessa is now a member of the Riverside Pathfinder\* Club
- ☺ Leyah, Martessa, and Mayson are looking forward to the upcoming pathfinder year
- ☺ The Friday night bible study ended on the 17th

\* **Pathfinders** is a Christian club similar to Boy/Girl Scouts. It provides an opportunity for kids to get together, play games, have fun, and learn more about God.

## Pillowcases

Grandma Patty came over and taught us all how to make pillowcases! Here's some pix of all the fun!

## Student of the Month

Martessa is now 10 years old and in the 5th grade. She is the oldest child of the Davis' 3 children.

Watch for more tidbits about Tessa in our next issue.

## The IDEAL School

PO Box 33697  
Portland, OR 97292

Phone: (360) 837-2124  
Fax: (503) 802-9766  
E-mail: ideals@usa.com

We open doors to a whole new world!

## Experiments!

Mayson just started a new science book, and we all know what that means, (you do know don't you?) EXPERIMENTS! We all love experiments so here's some pix of the two we did!

## Fall

Fall has come to our school. The weather's changing from green to brilliant colors of orange, red, and yellow. The big maple tree in front of our school is lovely. Here is a picture.

## Student News!

The part of the Newsletter where we find out more about our students. The question, What is your favorite color?

My favorite color is...

Black - Preston

Purple and Red - Tori

Aquamarine - Tessa

Neon Green- Leyah

Baby Blue - Kaylani

Blue - Mayson

Orange - Greg

Every Color - Lisa

Blue - Uma

What an array of colors! Our school is quite diverse!

## Experiments! (cont.)

#1—Density in Nature: We put oil, water, and syrup in a glass. Next, we put random small objects into the glass to see at what level they would float, if at all. The point of this experiment was to show us the existence of atoms.

#2—Atomic Motion: We put boiling water in one jar and cold water in the other. Next, we put food coloring into each jar. The point of the experiment was to show us that atoms are in constant motion, especially when hot.

**In what room at The IDEAL School is this picture?**

See who can find it first!
